Collective Impact Coalition

As partners in this endeavor, the aim to increase our local capacity to provide stability and more specific services to address health inequities among underserved and marginalized communities targeting Elyria, Lorain, Oberlin, and Wellington. Peer Support	\$5,000
Silver Maple	
Treatment/Room & Board	\$5,000

Project Description:

These funds are being utilized to reimburse agencies for services already provided in FY23. Due to increasing populations served

Planning considerations or impact specific to Diversity, Equity and Inclusion:

These programs strive to reach out and engage their community and create an environment that can be accessed by all populations. For example, LGR has peer providers out in the community intentionally reaching out to those wanting recovery. Also, Far West is growing their program by working to engage the elderly population, which is needed in this county. Beech Brook added SOS consultation which is an evidenced based suicide prevention practice that is an intervention approved to meet the requirements of House Bill 23. Lastly, Silver Maple served more indigent persons who needed board supported funding.

Related Facts: These allocation increases are for services already rendered

Number Served: Beech Brook: consultation with 250 youth and 740 in prevention during the 22-23 school year

Far West: Far West: 437 in the first half of the fiscal year and 900 clients in the second half received evidenced based treatment through Cognitive Behavioral Therapy, Motivational Interviewing, Dialectical Behavioral therapy and Trauma Informed Care

Silver Maple: 154 individuals have been served through MHARS funded services in levels of care including detox, residential and recovery housing

System Impact: More Lorain County residents were able to be served by the increase in services.

Metrics <i>(How will goals be measured)</i>	All agencies submit bi-annual reports to the MHARS board

Beech Brook: consultation with 250 youth and 740 in prevention during the 22-23 school year

Far West:
During the reporting period of January 1st, 2023 to June 30th, 2023, 146 new clients completed their initial Outcome Surveys. 63 clients completed follow-up survey at either the 6th month mark or at time of discharge. The results are summarized below.

FAR WEST CENTER OUTCOMES

	<u>Initial</u>	<u>Retest</u>	<u>% Change</u>
Client Symptom Burden	2.7	2.3	17.4%
Client Recovery & Empowerment	3.1	3.6	16.1%
Quality of Life	3.2	3.4	6.3%

Summary: Averages for the three categories were calculated by multiplying the number of responses times the assigned point values for each response, then dividing by the total number of tests administered. At retest, clients reported an aggregate 17.4% improvement in management of symptoms (ie, reduced symptom burden), and 6.3% increase in their satisfaction with their life quality. They reported a 16.1% increase in their feelings of empowerment and recovery. Improvement was seen in all three domains.

Contract Term: 07/01/23 – 06/30/24

Funding Source(s): OMHAS

Contract Amount: \$350,000.00

Project Description:

This project assists drug courts and other specialized dockets with funding to effectively manage addicted offenders in the community.

In response to Ohio's opioid epidemic, OhioMHAS created the Specialized Dockets Subsidy Project. This project assists drug courts and other specialized dockets with funding to effectively manage addicted offenders in the community. As a result, fewer people are committed to the state prison system. Specialized dockets that target addicted parents charged with abuse, neglect or dependency of their minor children were also eligible for funding. These programs reduce the number of children who are permanently removed from their homes and, instead, increase the number of children who can remain in their homes with protective supervision provided by child protective services agencies.

This is first time funding for Veteran's Treatment Court allowed as expansion by OMHAS

Planning considerations or impact specific to Diversity, Equity and Inclusion:

Related Facts:

Courts being asked to send us their reports that they send directly to the state.

Number Served:

The Lorain County Wellness Court utilized grant funding for treatment services and recovery supports. Currently, the Wellness Court has 20 participants with 15 pending referrals.

The Lorain County Veterans Court utilized grant funding to help pay for Chuck Schaffer's salary. The Lorain County Veterans court has 10 participants with 20 pending referrals.

The Lorain County Recovery Court utilized grant funding to pay for a partial salary and recovery supports. Currently, the Recovery Court has 40 participants with 15 pending referrals.

System Impact: Courts are actively engaged with the Lorain County behavioral health continuum of care to take into consideration how diagnoses and treatment should be factored into court involvement including disposition. Ongoing court involvement supports treatment adherence and progress.

Subject: Treatment Access for Adults with Alcohol Use Disorder 2.0

Contract Entity(s): The LCADA Way

Contract Term: 7/1/23-6/30/24

Funding Source(s): OMHAS

Contract Amount: \$290,521.02

Project Description:

This is a program that is on-going from the previous fiscal year under a Covid grant. Lorain County continues to see an increase in Alcohol related diagnosis compared to pre-COVID data. The target population for this grant is Lorain County residents, aged 21 and over, who are under insured or noninsured with an Alcohol Use Disorder and/or dually diagnosed, with AUD being a primary diagnosis. The treatment and recovery services include access to evidenced based treatment and case management services, increased MAT access for AUD clients and provided auxiliary recovery services in order to build treatment engagement and reduce access barriers. Auxiliary services in order to reduce access barriers include housing assistance, transportation and recovery supports, vocational programming, nursing and linkages to physical health services.

Planning considerations or impact specific to Diversity, Equity and Inclusion:

Related Facts:

This funding allows the SOR programs (treatment, case management, vocational programming and ancillary support services) that are in place be expanded to a population that was not previously served due to diagnosis requirements.

Number Served:

To date, they have served a total of 229 clients. Their focus on engaging the Hispanic and Black communities of Lorain County allowed them to serve 43 Black or African American individuals and 25 Hispanic or Latino individuals. Of the 229 clients who have been served by this grant through April 2023, 6 were in the residential level of care (LOC), 191 were in the IOP LOC and 32 were at the Outpatient LOC at time of intake. At time of discharge, 1 was in the residential LOC, 1 was in the withdrawal management LOC, 89 were in the IOP LOC and 94 were in the Outpatient LOC. This progression of reduced level of care at time of discharge indicates that clients are progressing in their recovery plan prior to getting discharged from the AUD grant.

System Impact:

The State of Ohio Alcohol sales skyrocketed during the COVID-19 Pandemic. Lorain County has seen the same data along with an almost 20% increase in Alcohol related diagnosis compared to pre-Covid data. Any adult resident of Lorain County with current or previous history of Alcohol Use Disorder needing treatment is able to access services through this funding.

Metrics <i>(How will goals be measured)</i>	OhioMHAS has issued reporting requirements that consist of keeping track of the number of clients who enter programming and their demographics. This will allow us to track the populations served.
---	---

Evaluation/ Outcome Data <i>(Actual results from program)</i>	The LCADA Way evaluates their programming and provides the MHARS Board with outcomes such as disposition at time of discharge. Additionally, they utilized the tracking document provided by OhioMHAS for those served directly by this grant.

Planning considerations or impact specific to Diversity, Equity and Inclusion:

The project will be located in a neighborhood that is diverse. Access to culturally relevant services should also be less challenging, due to the proximity to transportation and the availability of on-site services including case management, employment and life skills staff that can help with requested linkages based on a tenant's request. Services offered to residents are completely voluntary so tenants will not be required to participate in programs like a twelve-step program or other type of treatment or services. Nord Center, Humility of Mary and VA will focus on trauma informed approaches to service delivery. The developer will ensure that the building will appeal to all adults and veterans no matter their race, color, religion, ethnicity, sexual orientation or culture.

Permanent Supportive Housing in Cuyahoga County, Ohio

Housing First Outcomes:

- 13 buildings, 782 units
(details on the reverse side)
- Over 280 scattered site units
- \$132.2 million in total capital investments
- 82 percent drop in chronic homelessness since Housing First began in 2006
- < 5 percent return to homelessness after exiting Housing First
- 96% housing stability rate

Housing First in Cuyahoga County is on pace to end long-term homelessness through permanent supportive housing. Housing First provides rent-subsidized permanent housing, medical care, mental health, recovery and employment services to help individuals integrate back into their communities. The model focuses on working with those who are experiencing the highest barriers to stabilization – those struggling with severe mental illness, substance use, seniors and veterans.

The Cuyahoga County Housing First Initiative began in 2002, when the Sisters of Charity Foundation of Cleveland, in partnership with Enterprise Community Partners and the Cleveland/Cuyahoga County Office of Homeless Services, convened 17 organizations to bring the permanent supportive housing model to Cleveland.

The initiative's goal is to build sufficient units of permanent supportive housing to end chronic homelessness in Cuyahoga County. Operating partners include:

- **Enterprise Community Partners** – coalition leader
- **CHN Housing Partners (formerly Cleveland Housing Network)** – lead developer and owner
- **EDEN, Inc.** – property manager, co-owner and co-developer
- **FrontLine Service** – lead service provider
- **Other partners** – Famicos Foundation, Louis Stokes VA Medical Center, Signature Health, Cuyahoga Metropolitan Housing Authority

Abstaining from Approving Meeting Minutes

The following question came up at the OACHBA Directors' meeting:

Robert's Rules of Order Newly Revised, 12th edition says: It should be noted that a member's absence from the meeting for which minutes are being approved does not prevent the member from participating in their correction or approval. 41:11.

In short, when you vote to approve the minutes, you are expressing your confidence in the veracity of the secretary, the actions of your colleagues, and the correctness of the minute's preparation process. You are not making a personal eyewitness statement that "you were there." The body needs an official record of its actions, and all members may approve that record. This means that you should not abstain from voting to approve minutes of a meeting if you were absent from that meeting.

We are pleased to announce that proposals are now being accepted for the Frederick P. Slanina Foundation Fund. Currently, there is approximately \$13,000 in the fund. Please visit the MHARS website for more details: <https://mharslc.org/uncategorized/proposals-now-accepted-for-the-frederick-p-slanina-foundation-fund/>

The deadline submission is **December 15, 2022.**

HISTORY

In 1996, the former Lorain County Board of Mental Health (LCBMH) and the Mental Health Network agencies identified the need to support staff development within the Network. Ten agency Executive Directors presented a signed request to the LCBMH. This request put into motion the Frederick P. Slanina Foundation Fund, named after the LCBMH’s Executive Director who was retiring after 20 years of service with the Board and a total of 30 years in the mental health field. At their February 20, 1997 meeting, the Board of Directors of the LCBMH adopted a resolution to officially establish the fund.

Listed below are the fund’s priorities as determined in 1998, and attached are guidelines for individual applicants and for joint workshops.

PRIORITIES

- a) Scholarships to assist Network staff in obtaining undergraduate or graduate education required for certification.
- b) A grant to support a joint workshop for professional development in Lorain County.

- Individual requests must come through the Director of the Agency of employment with a recommendation from the direct supervisor.
- Scholarship funds will be disbursed to the agency or educational institution, not the individual.

INSTRUCTIONS

Please provide the following information:

- Name, Address, Phone, Position, Employing Agency.
- Amount and purpose of the grant, and a simple budget.
