

2021

ANNUAL REPORT

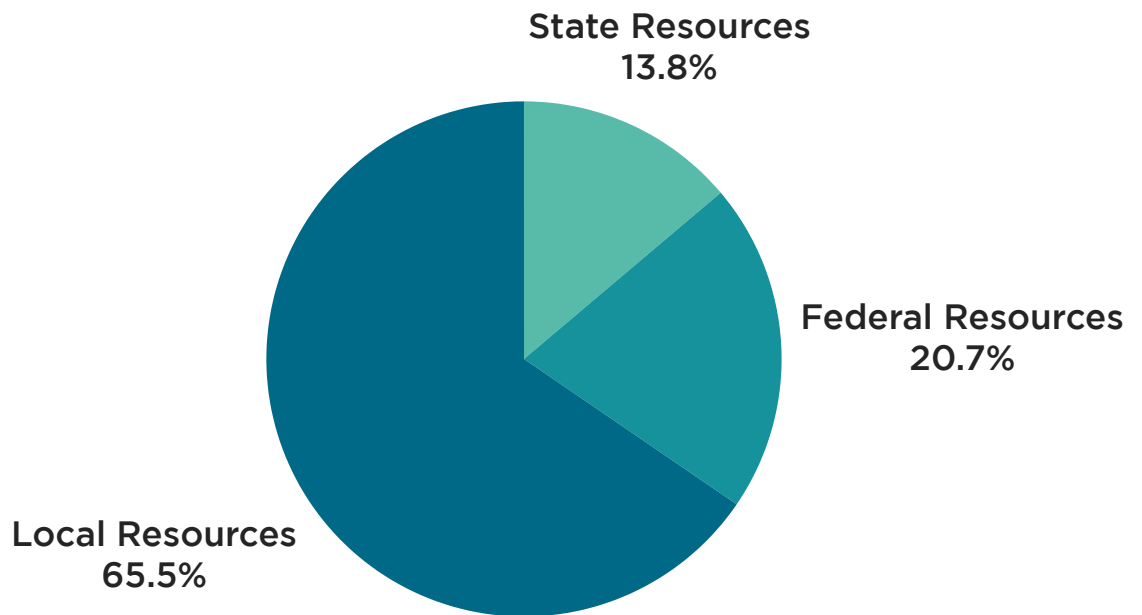

The Mental Health, Addiction and Recovery Services (MHARS) Board of Lorain County brings together the expertise, resources and proud histories of the Alcohol and Drug Addiction Services Board of Lorain County and the Lorain County Board of Mental Health. The people served by mental health and substance use disorder systems have a common goal - recovery. Consolidating the county's addiction and mental health partners strengthens our ability to coordinate treatment and recovery services, which helps us improve the lives of our clients, their loved ones and the community.

Our goal is to maximize delivery of these health services. It means providing the right care, in the right setting, at the right time.

Here's a look at another important source of revenue, grant funding. These are the top 5 grants awarded to the MHARS Board of Lorain County in FY2021.
